

Having had pekes for over 12 years I have finally entered into the world of exhibiting. Thank you to all those who have offered guidance, particularly to Janine Waters who has entrusted me with my first show peke, Beatrix, aged just 18 months in this photo. Beatrix has been shown sparingly in 2019 but has many class wins including RBB under Derek Smith in January and again at Sovereign Club Show in December, under Megan Driscoll.

Bertie has amazing star quality and has represented his breed, along with his sisters Bella, Lulu and Beatrix many times on the Discover Dogs stand at Crufts and more recently at Excel in London. He has his own facebook page called 'Being Bertie' and I also run a facebook group called 'Pekingese Lovers UK and Beyond' which has members from both the pet and exhibiting peke world.
